ANTIGUA

START YOUR GUATEMALAN ADVENTURE WITH A HIKE UP PACAYA VOLCANO

After breakfast a private transfer to Pacaya volcano. Located just outside the capital of Guatemala City, Pacaya Volcano rises to 2,552m (8,373ft) and is one of three active volcanoes in Guatemala. After a period of dormancy, it's been active since 1965, sometimes more dramatically than other times!

It is about an hour drive from Antigua to the Pacaya National Park and the trailhead in the small village of San Francisco de Sales. The roughly 2 mile trail is relatively steep but well maintained and climbs steadily through farmland and pine forest before arriving on an exposed ridge offering a panoramic view of Pacaya's smoking black cone, miles of old blackened lava flows and the volcanoes to the north around Antigua and Lake Atitlan.

The hike continues onto the barren moonscape of lava flows where you'll be able to roast marshmallows over hot spots for a "smores a la Guatemala!" You'll enjoy a picnic lunch with a view of the crater from afar (National Park regulations do not allow climbing to the top of the crater).

Descend with a transfer back to your hotel in Antigua with the evening to relax.

 **Meals Included:** Breakfast & Lunch.

THE BEAST
OSCAR MARTINEZ

This book is about the total experience of Guatemalans, Hondurans, Salvadorans, and Nicaraguans traveling from the southern border to the northern border of Mexico. Often recommended as a book you need to read to put your life into perspective.

I RIGOBERTA MENCHU
RIGOBERTA MENCHU

One of the most heartbreaking and emotionally riveting books about Guatemala is the life story of Rigoberta Menchu, the Guatemalan Maya activist who won the Nobel Prize for Peace in 1992. Once you've read this book, you'll understand why the Maya went to war with the government.

SILENCE ON THE MOUNTAIN
DANIEL WILKINSON

This book helps understand the country as it tells the story of Guatemala not from the perspective of those in power but from those who experienced the war firsthand: the poor farmworker, the plantation owners, the average people of the small towns and cities.

JUNGLE OF STONE
WILLIAM CARLSEN

Carlsen tells the life story of two amateur archaeologists, John L. Stephens and Frederick Catherwood, and their two journeys through Central America and Mexico in the 1840s. A good account well told.

MR. PRESIDENT
MIGUEL ANGEL

Mr President is the Nobel prize winner, Miguel Angel Asturias's masterpiece. Set in an unnamed country presumably Guatemala in the early 1900s, a ruthless dictator is plotting to get rid of his political opponent and maintain his hold on power.

AROUND THE EDGE
PETER FORD

A journey on foot and by sea from Belize to Panama along the Mosquito Coast. Few roads penetrate this land of thick jungle, home to native Miskito, Rama, and Garifuna peoples. It's an unusual travel book about a little-known region.

TIME AMONG THE MAYA
RONALD WRIGHT

Far from being an extinct people the Maya make up a significant percentage of the population of southern Mexico, Guatemala, and Belize. This account of contemporary Maya culture will help you understand a remarkable people who explored the world through arithmetic and time.

THE FULL MONTEZUMA
PETER MOORE

Written with Moore's wicked sense of humour and his eye for the bizarre, and punctuated by a roll call of annoying habits - map-hogging, over packing, bite-scratching and over-zealous haggling - The Full Montezuma is hilarious, incisive and acutely observed tale.
