

# M/V HONDIUS

## ANTARCTICA BEYOND THE POLAR CIRCLE

15 NIGHTS | TRIP CODE: HDS30-24

**13th - 28th MARCH 2024**

USHUAIA - USHUAIA

This voyage explores a number of historically significant Antarctic areas, such as the very rarely visited Bellingshausen Sea, Marguerite Bay, and Alexander Island. We focus on places discovered by Adrien De Gerlache on his Belgian Antarctic Expedition (1897 – 1899) and Jean-Baptiste Charcot on his French Antarctic Expedition (1904 – 07).

### PLEASE NOTE:

All itineraries are for guidance only. Programs may vary depending on ice, weather, and wildlife conditions. Landings are subject to site availabilities, permissions, and environmental concerns per IAATO regulations. Official sailing plans and landing slots are scheduled with IAATO prior to the start of the season, but the expedition leader determines the final plan. Flexibility is paramount for expedition cruises. The average cruising speed for our vessel is 10.5 knots.

# YOUR ANTARCTIC CRUISE

## M/V HONDIUS - ABOUT THE SHIP

Hondius is the world's first-registered Polar Class 6 passenger vessel, making her among the most structurally fortified and technologically advanced polar cruise ships on the seas. This vessel fully complies with the mandatory requirements of the Polar Code as adopted by the International Maritime Organization (IMO) for safe and environmentally sound ship operation in the polar regions.

Using some of the latest sustainable technology, Hondius employs LED lighting, steam heat, biodegradable paints and lubricants, and flexible power management systems to keep fuel efficiency high and CO2 emissions low. Hondius is also equipped with stabilisers that make her highly suitable for swift, safe, and nimble exploration of Arctic and Antarctic waters.

Hondius offers comfortable accommodation for 170 passengers in six grand suites with balconies, eight junior suites, eight superior cabins, 11 twin deluxe cabins, 14 twin window cabins, 27 twin porthole cabins, two triple porthole cabins, and four quadruple porthole cabins.

One deck of Hondius is reserved for multi-language lectures and presentations in a large observation lounge as well as in a separate lecture room. But while the ship's interiors are cozy and classically conceived in mid-century modern décor, her tough small-scale design enables her to react quickly to moment-by-moment weather changes and wildlife opportunities.

Oceanwide's main focus is always exploration, wildlife, and outdoor activities. For this reason, Hondius carries a powerful fleet of Zodiac boats to guarantee swift and safe transit from ship to shore. She also has two separate gangways for efficient outings as well as an indoor Zodiac boarding area that can also be used for special outdoor activities such as kayaking.

While cruising, Hondius carries 72 crew and staff members, including expedition and hotel staff, all of whom will be at your service during your polar expedition trip. Hondius is equipped with two main engines and can reach a maximum speed of 15 knots.

### SPECIFICATIONS

**Length:** 107.6 meters  
**Breadth:** 17.6 meters  
**Draft:** 5.30 meters  
**Ice class:** Polar Class 6 (equivalent 1A-Super)  
**Displacement:** 5,590 tonnes  
**Propulsion:** 2 x ABC main engines; total 4,200 kW  
**Speed:** 15 knots  
**Passengers:** 170 in 80 cabins  
**Staff & crew:** 72  
**Registered:** The Netherlands  
**New build 2019**

 Grand Suite with private balcony	 Twin Window	 Upper / lower berths	 Double bed
 Junior Suite	 Twin Porthole	 Lower berths	 Toilet
 Superior	 Triple Porthole	 2 separate lower berths	 Bathroom
 Twin deluxe	 Quadruple Porthole		

## Quadruple Porthole

Max: 

Windows: 

- 2 portholes
- 2 upper & lower berths
- Small sofa
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe
- This cabin is suitable for families traveling with children, or passengers who do not require a twin or more luxurious cabin

## Triple Porthole

Max: 

Windows: 

- 2 portholes
- 1 upper berth & 2 lower berths
- Small sofa
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe
- This cabin is suitable for families traveling with children, or passengers who do not require a twin or more luxurious cabin

## Twin Window

Max: 

Windows:

- 1 window
- 2 single beds
- Small sofa
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe
- Please be aware that the view from some windows might be partially obstructed due to the design requirements of the ship

## Twin Deluxe

Max: 

Windows: 

- 2 windows
- 2 single beds
- Sofa
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Refrigerator
- Coffee & tea maker
- Bathrobe
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe

## Superior

Max: 

Windows: 

- 2 windows
- 1 double bed
- Sofa
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Refrigerator
- Coffee & tea maker
- Bathrobe
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe

## Junior Suite

Max: 

Windows: 

- 1 double window
- 1 double bed
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Refrigerator
- Coffee & tea maker
- Bathrobe
- Hair dryer
- Cabinet

Max: 

Windows: 

- 1 double window
- 1 double bed
- Sofa
- Private balcony
- Private shower & toilet
- Flatscreen TV
- Desk & chair
- Telephone and WiFi (supplemented)
- Refrigerator
- Coffee & tea maker
- Bathrobe
- Hair dryer
- Cabinet
- Safe deposit box
- Wardrobe

## Happier passengers, healthier polar environment

Not only will the numerous amenities and on-board entertainments help make your Hondius voyage truly memorable, this ship also gives you the peace of mind that comes with choosing one of the most environmentally friendly vessels on the polar seas. Hondius uses LED lighting, steam heating, bio-degradable paints and lubricants, and state-of-the-art power management systems that keep fuel consumption and CO2 levels minimal. This means that when you sail aboard Hondius, you get to enjoy the exotic landscapes and wildlife as much as possible while impacting them as little as possible.

## Hotel comfort, expedition class

Please be aware that a small number of cabins may have a partially obstructed view due to the size of the windows and the design requirements of the ship. For example, some windows may be partly obstructed in the lower half by a gangway. The best view is always on the outer deck or the bridge. Hondius offers high-quality accommodation for 170 passengers in six grand suites with balconies (27 square meters, 291 square feet), eight junior suites (19 to 20 square meters, 205 to 215 square feet), eight superior cabins (20 to 21 square meters, 215 to 226 square feet), 11 twin deluxe cabins, (19 to 21 square meters, 205 to 226 square feet), 14 twin window cabins (12 to 14 square meters, 129 to 151 square feet) as well as 27 twin porthole cabins, two triple porthole cabins, and four quadruple porthole cabins that vary in size from 12 to 18 square meters, or 129 to 194 square feet. One deck consists of a large observation lounge and separate lecture room, which are reserved for a wide variety of interactive workshops, exhibitions, and performances particular to Hondius. Though elegantly designed in stylish mid-century modern décor, this vessel holds true to Oceanwide's distinctive cozy and informal atmosphere.

## Swift & safe ship-to-shore operations

It is our philosophy to keep sea time short so that we can focus instead on fast, effective access to shore and near-shore activities. To give you the maximum contact with the nature and wildlife you traveled so far to see, we employ a tough fleet of rigid-hull inflatable Zodiac boats that guarantee swift and safe landing operations for the passengers. Hondius has two separate gangways and a sheltered indoor Zodiac boarding area that can also be used for special outdoor activities, such as kayaking.

## The fast, flexible, friendly heart of the polar regions

Our top priority is taking advantage of every wildlife and terrain opportunity as it occurs. To keep our itineraries flexible itineraries and our response time rapid, Hondius is equipped with advanced stabilisers and two main engines capable of powering the vessel up to 15 knots. But Hondius sacrifices no warmth to achieve its keen polar edge: You will have 72 crew and staff members (including expedition and hotel staff) at your service while on board, ensuring that what little time you do spend on the ship you will spend comfortably entertained.

## Age and nationality

Passengers on a typical voyage range from in their 30s to their 80s, with the majority usually between 45 — 65. Our expeditions attract independent travellers from around the globe who are characterised by a strong interest in exploring remote regions. The camaraderie that develops on board is an important part of the Oceanwide experience, and many passenger groups include several nationalities.

## What to wear

In keeping with the spirit of expedition, dress on board is informal. Bring casual and comfortable clothing for all activities, and keep in mind that much of the scenery can be appreciated from deck — which can be slippery. Bring sturdy shoes with no-slip soles, and make sure your parka is never far away in case one of our crew shouts “Whales!” over the loudspeaker and you have to dash outside in a moment's notice. Opt for layers, as it is comfortably warm aboard the ship though often cold on deck.

## How to pay on board

Refreshments and souvenirs will be charged to your cabin. The day before departure you can settle your bill with the hotel manager, paying by credit card (Visa or MasterCard) or cash (euro, or in some cases dollar). We cannot, however, accept checks. Though the prices and standard currency on board is in the euro, other currencies may be accepted at the discretion of the hotel manager, at prevailing rates.

## Electric current

The electrical supply aboard ship is 220v, 60Hz. Electrical outlets are standard European with two thick round pins, so some passengers may need a 220v/110v converter.

## Gratuities

The customary gratuity to the ship's service personnel is made as a blanket contribution at the end of the voyage and is divided among the crew. Tipping is a personal matter, and the amount you wish to give is at your sole discretion. As a generally accepted guideline, we suggest 8 — 10 euros per passenger per day. It is better for the crew if you give cash.

## Non-smoking policy

We have a non-smoking policy inside all our vessels, though you can smoke in certain designated areas. We ask that you please respect the wishes of non-smokers.

## Your physical condition

You must be in good overall health and be able to walk several hours per day. The expedition is ship-based and physically not very demanding, but we spend as much time as possible on shore. You are, however, welcome to remain aboard the ship if you prefer. To join most excursions you must be able to get up and down the steep gangway — from the ship to the water level — to board the Zodiacs. Staff will assist you in and out of the boats, and boarding will become progressively easier with practice, but conditions on shore can be slippery and rocky. Remember, you will be traveling in remote areas without access to sophisticated medical facilities, so you must not join this expedition if you have a life-threatening condition or need daily medical treatment.

# YOUR DETAILED DAY BY DAY ITINERARY

## DAY 1

13th MARCH 2024

### JOIN SHIP

#### END OF THE WORLD, START OF THE JOURNEY SOUTH

Your voyage begins where the world drops off. Ushuaia, Argentina, reputed to be the southernmost city on the planet, is located on the far southern tip of South America. Starting in the afternoon, you embark from this small resort town on Tierra del Fuego, nicknamed “The End of the World,” and sail the mountain-fringed Beagle Channel for the remainder of the evening.

**IMPORTANT NOTE:** All itineraries are for guidance only. Programs may vary depending on ice, weather, and wildlife conditions. Landings are subject to site availabilities, permissions, and environmental concerns per IAATO regulations. Official sailing plans and landing slots are scheduled with IAATO prior to the start of the season, but the expedition leader determines the final plan. Flexibility is paramount for expedition cruises. The average cruising speed for our vessel is 10.5 knots.

 **Meals Included:** Dinner.

## OVERNIGHT

### M/V HONDIUS

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 2**

**14th MARCH 2024**

## **AT SEA**

### **PATH OF THE POLAR EXPLORERS - CROSSING THE DRAKE PASSAGE**

Over the next two days on the Drake Passage, you enjoy some of the same experiences encountered by the great polar explorers who first charted these regions: cool salt breezes, rolling seas, maybe even a fin whale spouting up sea spray. After passing the Antarctic Convergence – Antarctica’s natural boundary, formed when north-flowing cold waters collide with warmer sub-Antarctic seas – you are in the circum-Antarctic upwelling zone.

Not only does the marine life change, the avian life changes too. Wandering albatrosses, grey-headed albatrosses, black-browed albatrosses, light-mantled sooty albatrosses, cape pigeons, southern fulmars, Wilson’s storm petrels, blue petrels, and Antarctic petrels are a few of the birds you might see.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 3**

**15th MARCH 2024**

 **AT SEA**

**CONTINUE ACROSS THE DRAKE PASSAGE**

**THE DRAKE PASSAGE** Sailing south from the entrance of the Strait of Magellan, Spanish navigator Francisco de Hoces discovered this passage in 1525, making him the first European to pass through it. For this reason, it appears as Mar de Hoces in most Spanish and Spanish American maps and sources.

The passage received its English name from the 16th-century privateer Francis Drake during his circumnavigation. After passing through the Strait of Magellan with Marigold, Elizabeth, and his flagship Golden Hind, Drake entered the Pacific Ocean and was blown far south in a tempest. Marigold was lost, and Elizabeth abandoned the fleet. Only Drake's Golden Hind entered the passage. This incident demonstrated to the English that there was open water south of South America.

The first recorded voyage through the passage was that of Eendracht, captained by the Dutch navigator Jacob Le Maire in 1616, naming Cape Horn in the process.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 4**

**16th MARCH 2024**

## **ANTARCTICA**

### **SAIL THROUGH THE PENDLETON STRAIT**

You arrive at the Antarctic Peninsula near the Antarctic Circle in the afternoon. If sea ice allows it, you can then continue through Pendleton Strait and attempt a landing at the rarely visited southern tip of Renaud Island. Here you have the opportunity to see the first Adélie penguins of the trip as well as enjoy spectacular views of the icebergs in this surreal, snow- swept environment.

In the afternoon we sail to the Fish Islands and encounter one of the southernmost Adélie penguin and blue-eyed shag colonies in the Antarctic Peninsula.

Spending the night in the area of Crystal Sound the scenery will leave you staying up until the small hours, there is a chance to see Orca, Humpback and Minke Whale in this area.

 **Meals Included:** Breakfast, Lunch & Dinner.

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 5**

**17th MARCH 2024**

## **ANTARCTICA**

### VISIT DETAILLE ISLAND AND THE GULLET

Detaille Island – You may make a landing at an abandoned British research station here, taking in the island’s lofty position and imposing glaciers scenery.

We then sail through The Gullet, one of the most impressive narrow channels in Antarctic, with towering mountains either side, birds following the ship and playful penguins and seals frolicking in the water as we sail through this very special part of the journey. If ice conditions allow we will also carry out a landing or cruise in the afternoon.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 6**

**18th MARCH 2024**

## **ANTARCTICA**

### LAND AT PORQUOI PAS AND THE HORSESHOE ISLANDS

Discovered and charted by the famous explorer Charcot, Pourquoi Pas offers a pleasant landing on a rocky beach against the backdrop of the mighty Moider Glacier. A gentle walk from the landing site provides an impressive view, while Antarctic furs seals relaxing behind the beach are a nice addition to the wildlife we've encountered on this voyage.

After lunch we head toward Horseshoe Island, named for its distinctive shape. An abandoned research station provides an insight into the early days of scientific research, and original artifacts show how different life was in those pioneering days.

The hut is set among some of the most beautiful scenery in Antarctica, with views over the mountains and snow of Pourquoi Pas Island as well as Horseshoe Island's mountain range. This is a photographic landing in many senses. Two old wooden boats even remain at the landing site as if waiting for their final launch.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

**M/V HONDIUS**

# ANTARCTICA SCENERY

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 7 - DAY 10**

**19th - 22nd MARCH 2024**

## **ANTARCTICA**

### **EXPLORE THE GEORGE IV & WILKINS ICE SHELVES**

Provided ice and weather conditions allow, you next head toward Antarctica's ice shelves (the George IV and Wilkins). Here we hope to show you the scale of these vast cliffs and expanses of ice that will dwarf us and our ship. A range of Antarctic wildlife like humpback whales, fur seals, Adélie penguins, and maybe even one or more Ross' seals may appear.

This voyage is a true expedition, exploring the rarely visited region of the Bellingshausen Sea, Marguerite Bay, and Alexander Island. We explore many of the places discovered by Adrien de Gerlache on his Belgian Antarctic Expedition (1897 – 1899) aboard the Belgica. This voyage leaves Ushuaia and heads straight beyond Antarctic Circle, where we aim to spend the rest of the trip. The variety of landings and wilderness in this region are rivalled by few other places on Earth.

We will see Antarctic ice shelves, land on islands where few people have set foot, and enjoy this awe-inspiring area far from the beaten track of regular Antarctic cruises. We may also see a range of exotic wildlife, including humpback and minke whales, orcas, and a variety of seals: leopard, elephant, crabeater, Weddell, Antarctic fur, and maybe even a Ross seal. Gentoo and Adélie penguins, skuas, terns, and giant petrels are just some of the bird species we may see as well.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

# YOUR DETAILED DAY BY DAY ITINERARY

**DAY 11**

**23rd MARCH 2024**

## LEONIE ISLANDS

### EXPLORE THE JENNY & LEONIE ISLANDS

Jenny Island will give another aspect to your Antarctic experience, offering raised beaches, hanging glaciers, and moss carpets. The island is also popular with wildlife: Terns, skuas, elephant seals, leopard seals, and Adélie penguins are all regular visitors.

A landing at Leonie Island will take your breath away. There is also the possibility to take a hike to the peak of the island, giving you a dramatic panorama of Marguerite Bay and Adelaide Island.

 **Meals Included:** Breakfast, Lunch & Dinner.

**OVERNIGHT**

**M/V HONDIUS**

## DAY 12

24th MARCH 2024

### SOUTH SHETLAND

#### VISIT THE SOUTH SHETLANDS & DECEPTION ISLAND

The volcanic islands of the South Shetlands are windswept and often cloaked in mist, but they do offer subtle pleasures: There's a wide variety of flora (mosses, lichens, flowering grasses) and no small amount of fauna (gentoo penguins, chinstrap penguins, southern giant petrels).

In Deception Island, the ship plunges through Neptune's Bellows and into the flooded caldera. Here you find an abandoned whaling station, and thousands of cape petrels – along with kelp gulls, brown and south polar skuas, and Antarctic terns. A good hike is a possibility in this fascinating and desolate volcanic landscape.

As an alternative, you may be able to engage in activities near Half Moon Island. Here chinstrap penguins and Weddell seals often haul out onto the beach near Cámara Base, an Argentine scientific research station. Conditions on the Drake Passage determine the exact time of departure.

 **Meals Included:** Breakfast, Lunch & Dinner.

## OVERNIGHT

### M/V HONDIUS

A new vessel built in 2019 and equipped to a comfortable standard yet retaining the expedition feel most look for in an Antarctic Cruise.

Grand Suite + balcony - single occupancy	€26,605	£23,945	US\$29,266
<b>OPTIONAL</b> Kayaking*	€420	£378	US\$462

**NOTE:** If you book a berth as a single person in a shared cabin the other occupants of the cabin will be of the same gender.

**\*\* GBP and USD prices** are for guidance only and final price will be based on the exchange rate at time of booking.

**IMPORTANT NOTE:** All itineraries are for guidance only. Programs may vary depending on ice, weather, and wildlife conditions. Landings are subject to site availabilities, permissions, and environmental concerns per IAATO regulations. Official sailing plans and landing slots are scheduled with IAATO prior to the start of the season, but the expedition leader determines the final plan. Flexibility is paramount for expedition cruises. The average cruising speed for our vessel is 10.5 knots.

**\*Additional activities:** Basic kayaking experience is of advantage, but it is not a requirement. Physical fitness is essential. Kayaking is subject to weather and prevailing ice conditions.
